JCVC policy: For the safety of your pet and the pets that are on the premises, we require any pet staying with us to be current on vaccinations, fecal and flea preventative. If our records show that your pet is due for any of the below requirements, in signing below you agree to either a) have JCVC proceed with updating all requirements or b) you will provide us with proof of such within 2 hours of dropping off at JCVC.

K9 requirements: Rabies (in the past yr), Distemper (in the past yr), Bordetella (in the past 6 mo.), K9 Influenza (in the past yr) and fecal within the year.

Feline requirements: Rabies, Distemper, Leukemia or proof of negative combo test & fecal /deworming within the year.

JCVC is a flea free environment. All pets must be on a veterinary prescribed flea/tick prevention. In the case where prevention has not been given within the past month or we detect fleas/ticks, we will treat with either Capstar or apply a flea/tick preventative at
